## EXPERIENCE

### HAMOYE Technologies, – Frontend Developer

MAY 2022 - PRESENT

- Developed robust applications for AI lab projects aimed at helping businesses leverage data science technologies with React Js and other latest front-end development technologies.
- Built and contributed to developing full-fledged, dynamic, and responsive websites for clients with Next Js.
- Adopted best practices for writing clean, efficient, and reusable components in React.
- Developed a highly effective data integration simulation to allow a successful app functionality demonstration.
- Worked with backend engineers and project managers to ensure smooth API integration with frontend applications.
- Inspected existing websites to enhance SEO and made suggestions to address web page ranking.
- Wrote unit tests using Jest and React Testing Library during the development life-cycle of AI lab projects.
- Conducted extensive manual testing on multiple browsers with careful attention to critical edge cases.
- Resolved salient UI issues for a Content Management System for an affiliate company to get the application to production.
- Applied Agile methodologies for feature development.

**Tech Stack:** React Js, Next Js, TypeScript, JavaScript, Context API, React Query, HTML, CSS, REST API, SCSS, RTL, Jest, Git & GitHub

### Freelance Developer, — Part-time Frontend Developer

NOVEMBER 2021 - PRESENT

- worked with DigImpact to develop the user interface for the University of Ibadan's ICEECE Conference Management Application, integrating interfaces for QR code scanning to register attendees.
- Commenced the development of the official website for MSSN B-Zone, one of the largest student organizations in Nigeria.
- Collaborated effectively within teams and innovated practices that eased development processes.
- Facilitated seamless data integration and worked closely with project managers to improve app performances.

**Tech Stack:** React Js, TypeScript, JavaScript, Tailwind CSS, CSS, SCSS, HTML, REST API, Git & GitHub

## SKILLS

### Languages:

JavaScript, TypeScript, CSS, HTML

### Frameworks & Libraries:

React Js, Next Js, React Query, SCSS, Material UI, Tailwind CSS, and REST API

### Proficiencies:

- JavaScript ES6.
- Responsive design.
- Working with web UI libraries.
- Development from Figma Prototypes.
- Modular, clean, and reusable development patterns.
- Unit Testing with RTL and Jest.
- REST API.
- Version Control with Git and GitHub.
- Accessibility-compliant practices.
- Asynchronous request handling.
- Mobile-first development
- Software testing.
- Agile Methodology.
- Good eye for design.
- Communication and Time Management.

## EDUCATION

### Federal University of Technology, Akure

*B.Eng in Civil Engineering (4.4/5)*

NOVEMBER 2015 - NOVEMBER 2021

## CERTIFICATIONS

[JavaScript Algorithms and Data Structures Certification](#)

JANUARY 2021
